USE THE TRAMPOLINE

As 16 year old George Nissen watched the traveling circus, he was immediately impressed with the acrobats and gymnasts. Although mesmerized by what they could do, Nissen was disappointed that once an acrobatic routine was completed, participants fell into a net and the performance was over. Nissen wished such a marvel could continue, and he started thinking about a device that could selfishly keep him entertained. The rest, they say, is history. George Nissen turned a passion for entertainment into an incredible invention: the trampoline. Initially, the trampoline was used to train gymnasts and even astronauts. Today, mega sports complexes and backyards are home to trampolines offering a great activity for all ages.

Without getting too scientific, the basic principle of a trampoline is that whatever force is exerted on the trampoline fabric and springs causes an "equal and opposite reaction" resulting in being bounced back up into the air. The heavier the object, the greater the opposite reaction or ability to "bounce." Yes, I will admit, you put me on a trampoline and I may just shoot to the moon...

In many ways, all our lives have been like a trampoline. We have experienced the down pressure (Covid-19) and now is our opportunity to **BOUNCE BACK!** At McComb Local School, we are blessed to "bounce back" to some of the activities students can again participate in. Field trips (with limitations) are being scheduled so students can experience educational opportunities beyond the classroom. A senior class trip is being planned at Cedar Point (all safety protocols will be followed). Spring concerts are being held in-person once again allowing our students to showcase their hard work and talents. School facilities are reopened to serve the many facility space needs in our community. The gymnasium was recently transformed as high school students celebrated the experience of a prom. Finally, the graduating class of 2021 will have an in-person ceremony in the stadium (gym if weather is bad) to celebrate and recognize their hard work. The activities listed above can all be done safely as protocols remain in place.

The weight of the world around you has a tendency to pull you down. Use that weight to your advantage much like a trampoline and **BOUNCE BACK** even better before!

Mr. Fenstermaker

Positive Panther Trip

The 3rd Positive Panther Trip took place at the beginning of the 4th quarter for students who qualified based on attendance, behavior, and homework completion. Students participated in relay races, musical chairs, making an Easter snack (bunny race cars), and playing B-I-N-G-O. Even though we aren't able to go on trips, we still prioritize and want students to know we appreciate them doing good things. There will be one more "trip" planned at the end of the 4th quarter. A big thank you to Mrs. Kaufman, Mrs. Goodrich, Mr. Pitney and Mr. Koenig for helping prepare this fun outing for students.

Elementary/Middle School Information

Message from Principal Jackson

Gratitude turns what we have, into enough...

~Author Unknown

The end of the school year is truly “bittersweet” for all of us. Summer is exciting, but we know that we will miss the faces we have grown accustomed to seeing every day. Although maneuvering through the pandemic remnants have at times been stressful, I cannot tell you enough how grateful I am for all of the special gifts this school year has brought, so I would like to say the following:

Thank you to our students. Being a learner in today’s world presents a new set of challenges. They have worked hard and endured online, remote learning along with being reassigned to in-person learning toward the end of the year. They have come so far, and now is the time to celebrate their accomplishments and thank them for what *they teach us everyday*.

Thank you to our committed and caring staff. Not a day goes by that I am not impressed by the family of teachers and support staff that I work with. I feel so fortunate to work with a group of adults who put students first everyday.

Thank you to our wonderful PTO. If you have not had the opportunity to be a part of PTO this school year, please be aware of all the things that they support and make possible for our students.

Finally, thank you to our parents for sharing the gift of your children with us this school year. We wish you a safe and happy summer and look forward to seeing you in the fall.

Academic Students of the Month

7th- Arche Cheuanjith

Arche is a quiet, respectful leader in the classroom. His work is always done on time and is impeccable. He has stepped out of his comfort zone when he participated in the spelling bee. He was the top speller in the Middle School and went on to the county level and beyond. Keep up the good work Arche!

8th- Braydon Shoop

Brayden shows great leadership skills in class. He is positive and always in a good mood. He often brings that out of others as well. He also works hard and puts forth extra effort in all that he does. Congratulations Braydon!

Art Students of the Month

7th- Emma Abbott

Emma is the only flute player in band right now and has really improved over the last month. This is a unique situation and she has risen to the challenge. Keep up the good work Emma!

8th- Ben Householder

Ben did a great job at solo and ensemble and has really improved his playing this year. He is one who follows directions well and is determined to get better. Congratulations Ben!

High/Middle School Information

Message from Principal Herr

Upcoming Events in grades 7-12

May 6 - Academic Honors (grades 10-12) @ 7 PM in auditorium

May 19 - 7th/8th grade Student Recognition Program @ 7 PM in auditorium

May 21 - HS Student Awards Ceremony @ 8 AM / MS Relay for Life activities (all day) HS FFA, Leader-in-Me Student Lighthouse Team and Student Council are putting on a carnival in the afternoon

May 28 - Senior Recognition @ 9 AM

May 30 - Graduation Ceremony @ 2 PM (outside/inside for inclement weather)

May 31 - Memorial Day Services @ 10 AM

It is hard to believe that our school year is winding down. We've had varied schedules to learn, varied hurdles to overcome and varied levels of anxiety to deal with, but have persevered nonetheless. I'm proud of our school and of our seniors for their accomplishments during an unprecedented year in history. I look forward to seeing all of them succeed in their endeavors.

Go Panthers!

PARADE

The Class of 2021 is hosting a graduation parade.

Sunday, May 30th

Parade starts at 3:15

Leaving Panther Parkway

Similar Route as last year, ending at the school.

On the 9th of April, McComb's National Junior Honor Society students delivered care packages to homebound elders in our community. This community service project allowed NJHS to get involved in helping out, while still working within the boundaries of current Covid restrictions. Each student participated by choosing an item to purchase to include in the care packages. We collected all donated items, put them in baskets/bags, and delivered them around town. It

was truly a great time getting to see the smiles on the elders' faces when giving them a little treat. NJHS is looking forward to doing more service projects to help put smiles on the faces of others.
